"Why Oak Crest and why now?"

Joan Stanley

You often hear people say they haven't really given a lot of thought to retirement. It's one of those things that will happen whether we're ready or not. In a perfect world, we'd all stay young and healthy. The reality is that we don't live in a perfect world, and "ready or not" will eventually catch up to us. Don't get me wrong, I'm going to be outrunning Father Time for as long as I can and plan to do it at Oak Crest. With the new Oaks Apartments, I was able to select my new apartment and customize it to my taste. I love the great people who live and work here and the wonderful amenities and services. Everything I could want from a full kitchen and balcony to great meals and a state of the art wellness center and pool are right here and at my fingertips. The guarantee of future care when I need it is the icing on the cake. So, when people ask me Why Oak Crest now, I respond, why not?
