

OUR HISTORY

Victoria Hearing Center has been providing quality hearing aids and hearing care to Victoria and the surrounding communities for over 30 years.

OUR STAFF

Our staff consists of one Audiologist with a doctorate degree in Audiology, one licensed hearing aid dispenser and a qualified support staff.

OUR SPECIALTY

We specialize in the evaluation of hearing loss and its treatments and are experts at helping you choose the best hearing aid to fit your individual needs. We are committed to providing you with the best possible hearing solution, thus allowing you to enjoy the benefits of optimal hearing.

We offer the best hearing aid technology from today's leading manufacturers.

Do you know someone who would appreciate a FREE pair of hearing aids?

Victoria Hearing Center is proud to announce a very special collaboration with one of our top hearing aid manufacturers, Phonak. Together we are providing a FREE pair of Phonak Marvel hearing aids to one lucky recipient, and you get to help choose that person.

If you know someone that deserves the gift of hearing, you can nominate a special someone by telling us a little bit about them. Over the next several weeks you can visit our contest page on Facebook, provide a nomination, and cast votes for your favorite. You are able to vote for your favorite nominee once a day - so come back often, tell all your friends, and continue to vote for your favorite. The person with the most votes on May 31, 2019, will win the hearing aids!

Just follow these simple steps:

step 1. go to Facebook.com/VictoriaHearingCenter

step 2. "like" our page

**step 3. find the "gift of hearing" promotion
[pinned at the top of the page]**

step 4. nominate

step 5. vote, vote, vote

step 6. share it with your friends
