

\$500,000,000

A MILLION HERE, A MILLION THERE.....PRETTY SOON YOU HAVE REAL MONEY

Yep, that says \$500 million. Or \$1/2 billion, if you prefer. The First Secure Banks reached \$500,000,000 in assets a few days ago.

But, let's be frank. Five hundred million \$ ain't nothin' to the big banks in the area. All of them have billions, and lot's of them. They also have branches, and hundreds of them. And they have customers, and tens or hundreds of thousands of them. So, if you are one of their customers, what does that make you? That makes you one of hundreds of thousands of customers who use one of hundreds of branches to keep all of your hard earned money that isn't even pocket change to them. In other words, you ain't squat.

So, why is First Secure Community Bank different. Because we are THE community bank in Joliet. We are owned and managed by people that live in Joliet. Yes, right here, not a hundred or a thousand miles away. And, you are not squat to us, you are our neighbors. We are here to be your bank.

OK, so the First Secure Banks have \$500 million in assets. What does that mean for us. It means that the seven First Secure Bank facilities in the suburbs can offer the advantages of the big banks. Mobile banking. Bill Pay. Any type and amount of loan you can think of. All kinds of neat things that the big banks offer. But without the aggravation of dealing with the big banks. Like ridiculous policies that make your financial life miserable.

So come on over to the corner of Essington and Caton Farm Roads. We're your neighbors. We're here to help.
