## **BENEFITS**

### **Single Tooth Implants**

- Preserves the bone which makes you look younger.
- Don't disturb healthy adjacent teeth (bridge).
- Don't decay.
- Are long lasting.

### **Denture Implants**

- Allows denture to be stable.
- Bone stops fading away so denture will fit tighter
- No denture adhesive needed.
- You can eat all those foods you have missed and not worry about your dentures falling out!

**Dental Implants are the closest thing to natural teeth!**

**Promo Code: Gazette**

### **FREE CONSULTATION**
