### **For Quality's Sake, Consider a Human Hair Wig**

Most women fantasize about having great looking hair with little or no effort, right? Wake up! It's not just a dream, thanks to the ladies at Wigs 'n More! They are the area's most experienced wig fitters and will provide patient, caring assistance while you browse the extensive selection of wigs and hairpieces available every day at their store in Latrobe.

You can shop with confidence knowing that Wigs 'n More has the best selection around. They carry a full line of alternative hair replacements including lightweight,

comfortable fiber and human hair wigs, ready-made wigs, custom-made wigs and hair pieces. If it is available, Wigs 'n More either has it in stock or they can get it for you.

When considering your options, it is easy to focus on cut and color, but the two factors that should come first are actually the cap and the hair itself. Let us consider a Full Lace Cap, for example. This cap style offers the most natural look and superior versatility. Every hair is individually tied by hand to a soft mesh cap so that even up close it gives the most natural appearance of hair growth. And while this style of cap is generally the most expensive, you will get what you pay for.

If quality is your main consideration, then a human hair wig is by far your best option. It offers the most natural look and feel, and is remarkably soft with a shine and movement that is not easily duplicated by synthetic hair. You will have the option to cut, curl, straighten or dye just like your own hair. Human hair comes in many grades, with Remy human hair being the finest quality. It's stronger, healthier and less likely to tangle than ordinary human hair because the cuticle is still intact. Designers Jon Renau and Follea are the top picks of our Wigs 'n More staff.

Now time to talk cut and color. Wigs 'n More keeps up to date on trends and styles to be able to accommodate even the most fashion-forward customer. They offer hundreds of wigs in styles that range from contemporary to traditional. Call or stop in to Wigs 'n More in Latrobe today!
