

IMPORTANT UPCOMING SEMINAR REVEALS:

HOW TO PROTECT YOUR HOME, FAMILY AND ASSETS FROM THE DEVASTATING COST OF LONG TERM CARE

One of the biggest fears that many people have today is the fear of having their life savings wiped out if they end up in a nursing home. What a shame to see someone's life savings of 30, 40 or 50 years wiped out in a matter of months. Whether you or a family member is in crisis or not, it is important that you understand what you can do to protect your hard-earned assets! Most of the public does not yet realize that the laws on asset protection and long-term care planning changed on February 8, 2006. It is extremely important that you know about these changes and how they may affect your long-term care planning! A brand new, free informational workshop hosted by local Elder Law Attorney Scott N. Alperin with Alperin Law will be held on the dates listed below:

WHAT OUR CLIENTS ARE SAYING:

"Scott really came to the rescue and helped us with our parents long-term care needs. He was so very patient with our aging parents and took the extra care needed to explain and answer all of our questions and concerns. We will be using him again soon for our own estate plan."

- Sam R.

"Scott has the ability to take a complicated set of issues and explain them in a manner that is approachable and easy to understand. Scott was thoughtful and knowledgeable in his approach to my "special needs" estate plan. Now I know my daughter will always be cared for after I am gone."

"Scott did a superb job in handling our estate plan. His team provided us with personal and focused attention, and he made us feel as if we were his only client... I would highly recommend Scott if you are looking for a knowledgeable estate planning and elder law attorney."
