

Denbies Wine Estate

Winter 2019

One of the most celebrated seasons within the vineyard and winery is the autumn harvest which offers the most spectacular transition from summer to winter. A patchwork of golden-brown, red and green vines. The vineyard is a sight to behold. Visitors to the estate during October and into November can't help but enjoy the energy of the harvest, grape picking in the vineyard, the constant activity in the winery and the satisfying heady aroma of pressed grape juice that permeates the winery building.

With harvest successfully completed, attention is drawn to the festive celebrations ...

VINEYARD HOTEL AND RESTAURANT

New for 2019, Denbies Wine Estate is delighted to announce the opening of the new Vineyard Hotel with 17 en-suite rooms and Vineyard Restaurant, located in the heart of the vineyard. The open landscape garden features two all-weather cabana style seating areas for up to 12 people, where guests can enjoy cheeses and charcuterie from local producers

accompanied by the wine made and produced on the estate.

With Denbies' commitment to establish best practice in green-tourism, the architect has sought to adopt some of the best measures to achieve carbon neutral status, reducing the impact on the environment and successfully blending the hotel building into the natural surroundings of the Surrey Hills Area of Outstanding Natural Beauty and the North Downs. The Vineyard Restaurant is located in the orangery with unrivalled views over the avenues of vines reaching into the distance.

“There are many reasons to visit Denbies throughout the festive period.”

The restaurant is now open to the public and residents for dining every evening offering a la carte dining with an emphasis on locally sourced produce.

The iconic Box Hill is located opposite the hotel, making this a perfect destination for those seeking a tranquil stay. For additional information on Denbies Wine Estate and the Vineyard Hotel visit www.denbies.co.uk
