For God has not given us a spirit of fear but of power and of love and of a sound mind.

2 Timothy 1:7

Western Landscaping

We started using Western Landscaping/Jake several years ago. He was always dependable and had very reasonable prices.

This spring, we had him landscape our front yard with a xeriscaped look. He listened to what we wanted and even walked to some of the neighbors' houses while I pointed out what I liked. He made suggestions and gave us several choices; then drew a plan. We are very pleased with the outcome. Jake is very easy to work with and doesn't seem to be upset when I make changes or add more "projects". He is currently working on updating the landscaping in my backyard.

Over the years I have recommended Jake to several friends. They have all been as happy with his work as we have been. Roxi & Jay

Western Landscape, LLC

To Whom It May Concern:

Jake is a wonder! We have hired Jake to do two major landscaping jobs for us, and we couldn't be more pleased. He did a major overhaul of our front parking and front yard to the admiration and envy of all our neighbors. He is a very hard worker, and is very meticulous that everything is done to perfection. When we wanted to have a new fence put in along a 65 ft border of our property, he had several suggestions and as we departed for our winter home in Arizona, we left it in Jake's hands. We certainly would not trust just anyone to do such a job without our supervision, but after the first job, we had no reservations to leave it in Jake's hands. Again, the neighbors, as well as we, were highly impressed. He sent us pictures, and we were very very pleased.

We can highly recommend Jake to anyone whom he might want to work for. Many of our neighbors have asked for his number, and we got his number from many of our friends. We all love him and his work, his attitude and work ethic, attention to detail, and that sweet smile he brings to the job site.

Sincerely,
Rick and Rachel

Jake is a person of high integrity with great work ethics and knowledge of environmental rules and regulations. He accurately calculates materials needed for the job. He shows up on time and works tirelessly until job is completed to customer satisfaction. Always leaves area clean and neat. Needs little or no supervision as his years of experience qualify him for a full range of practical and beautiful projects. He follows directions well and handles all aspects of jobs in a business like manner. He ranks high on the chart of professionalism in his field.
