Maple City Savings Bank, FSB

In response to the Coronavirus pandemic Maple City Savings has closed the lobbies to walk in traffic at both it's Main Street and Seneca Road locations.

While the lobbies are closed, both locations will be fully staffed.

Teller transactions can be handled via the drive-ups at both locations. (Walk ups to the drive thru lanes are allowed). This includes deposits, withdrawals, loan payments and inquiries.

Our ATMs will remain available 24/7 for withdrawals and deposits.

Over the phone at 607-324-1822, we can assist with any issues related to online transactions, loan payment transfers, debit card processing questions and balance inquiries.

With our Online Banking at maplecitysavings.com, we offer Commercial ACH, ACH transfers, Bill-pay, access to statements, mobile deposits and so much more.

New on our Online Banking is the ability to open new accounts for existing or new customers.

Mortgage requests, including pre-approvals can also be completed online. Our mortgage originators are also available by phone (324-1822) as needed to assist in that process.

Any other business, including access to safe deposit boxes, commercial requests, etc., will be allowed by appointment.
