What's in your tap water besides water?
The City of Iowa City Consumer Confidence Report tells Iowa City residents where their water comes from, what's in it, and how safe it is. Read the newest issue of the report at www.icgov.org/ccreport or call the Iowa City Water Division at 319-356-5160 to request a printed copy. Because when it comes to understanding your drinking water, the most important ingredient is you.

The newest issue, released in April 2020 is titled the “2019 Consumer Confidence Report” because it compiles data from water tests conducted in 2019.

DRINKING WATER. KNOW WHAT’S IN IT FOR YOU.
